(1) " x x x If there is no objection, all cases of loans under the Rules where the amount does not exceed Rs 2500/- may be submitted to the Second Councillor for sanction cases involving higher amounts may be sent to me through the Second Councillor.

(2) I think that provision should be made in the Rules authorising the Chairman of Industries and Commerce Committee to sanction loans up to a certain amount. It is also desirable that in all cases in which the amount of the loan sanctioned is fairly large that the Committee should be consulted.

I shall be glad if the Secretary discusses the question in a separate note and puts up for approval drafts of any amendments in the Rules that may be necessary.

4. The Dewan's directions in para 1 supra relate to a matter of Secretariat procedure and are being - - - followed since the date of his order.

5. In regard to para 2, such a delegation of power of sanction to the Chairman of the Industries and Commerce Committee will tend to keep the Committee in touch with the development of industrial work - - under the Director. Loans for large amounts may come up to Government with the opinion of the Committee.

6. In another file the question of raising the Director's limits of sanctioning in cases of hire purchase has been suggested. In such cases the Director may be empowered to grant upto Rs.3,000/- (inclusive of deposit by the applicant).

7. I would suggest the following limits of sanction:-

Director	Rs.1,000 in the case of loans.
	3,000 in the case of hire purchase (inclusive of deposit by applicant).
Chairman I & C Committee	Above Director's powers of sanction upto Rs.5,000/-
Government	Applications involving amounts exceeding Rs.5,000/-

(5) The following ammendments will be required to Rule 2 and 17:-

Substitute for the 1st sentence of Rule 2.

" The Director of Industries shall be competent to sanction loans not exceeding Rs.1,000/- under Rule 11 and not exceeding Rs.3,000/- (including deposit by applicant) under Rule 12; the Chairman of the Committee for Industries and Commerce may sanction loans under Rules 11 & 12, for larger sums but not exceeding Rs.5,000/-; loans for sums exceeding Rs.5,000/- shall require the sanction of Government."

(6) Add the following to Rule 17

"In the case of loans under Rules 11 & 12 for sums exceeding his powers of sanction the Director will forward his report to the Chairman, Industries and Commerce Committee, who will himself dispose of the case, if the loan is for a sum not exceeding Rs. 5,000/, or if the loan is for a sum exceeding Rs. 5,000/, forward the application to Government with the opinion of the Industries and Commerce Committee thereupon."

"The rules have been in operation so short a time that I hesitate to recommend any alterations and would prefer to wait till we have more extended experience regarding the extent to which the public will take advantage of them. If Govt. consider it desirable that the Chairman of the Industries & Commerce Committee, who is also the 2nd Councillor should be the authority to sanction loans & Hire Purchase agreements up to a certain sum, there should be no difficulty in authorizing him to dispose of such applications without amending the Rules. All that would be necessary would be to send the papers to him for final orders. Similarly Govt. may direct that applications exceeding a certain sum should be discussed by the Industries & Commerce Committee provided that they ~~deferredly~~ did not delay matters by postponing the considerations from meeting to meeting. necessary would be to submit a brief statement of ~~the~~ each case to the meeting for their opinion. It is necessary to take precautions to avoid delays in settlement of commercial & industrial matters. With such provisos the Committee might well be consulted regarding large loans.

As to the powers of Sanction suggested by the Secretary I would remark (1) that there are not likely to be many loans for sums of less than Rs 1000. So far no applications have been received (2) The majority of loans or hire purchase agreements for Engines or pumps will fall within the Rs 3000 limit. Whether the Director should have power to deal with Hire purchases agreements up to a Rs 3000 limit will depend largely upon the experience of the individual who for the time being may be Director.

I see no logical reason for discriminating between Loans & Hire purchase agreements in fact you have better security for the former than the latter. I would therefore suggest limiting the Directors power to pay Rs 2500 for both, the Chairmans power to pay Rs 5000 to all loans ~~for~~

A draft order is submitted.

As the alterations proposed relate to matters of procedure in dealing with applications for loans with which the intending applicants have no concern, it does not appear necessary to notify these changes in the rules.

In this connection it is a matter for consideration whether the Director may not be required to furnish a quarterly or a half-yearly statement of loans sanctioned by him on his own authority, so that the Secty. may have a complete list of loans granted under these rules.

Submitted to His Highness.

The rules for the grant of loans for agricultural and industrial operations and for the purchase and erection of machinery issued under Notification dated 2nd September 1913, have been in operation for over 6 months. It has been found that a few small alterations are desirable in regard to the powers of sanction vested in different authorities. It is proposed to increase the Director's powers of sanctioning loans from Rs.1,000 to Rs.2,500. The present limit is quite inoperative as usually no plant can be installed within an outlay of Rs.1,000. The proposed limit of Rs.2,500 will cover the cost of ordinary pumping machinery for which there is a considerable demand.

2. It is proposed to vest in the Chairman of the Industries and Commerce Committee power to sanction loans up to Rs.5,000 and to take the opinion of the Industries and Commerce Committee in all cases where loans of over Rs.5,000 are applied for. All loans above Rs. 5,000 will require the sanction of Government.

Government Order No. 209-145 ✗
G.M-55-12-239
dated the 2nd September 1918 laying down rules to regulate the grant of loans for industrial and commercial purposes.

Order No G8386-434 dt. 18/4/14

Government consider it expedient to delegate to the Director of Industries and Commerce larger powers than are conferred by the above rules, to sanction loans for industrial operations and they desire to associate the Industries and Commerce Committee of the Economic Conference with the working of these rules and enable that body to keep in touch with the development of industrial work. They are accordingly pleased to modify Rules 2 and 17 of the above rules as follows:-

"The Director of Industries and Commerce shall be competent to sanction loans not exceeding Rs. 2500/- under Rules 11 & 12 infra, this limit including, in the case of hire-purchase transactions, the amounts deposited by the applicant. The Chairman of the Indutries and Commerce Committee may sanction loans under Rules 11 & 12 for larger sums but not exceeding Rs. 5000/-; loans for sums exceeding Rs. 5000/- shall require the sanction of Government."

Add the following to Rule 17.

" In ~~the~~ cases of loans under Rules 11 & 12 for sums exceeding his powers of sanction, the Director will forward to the Chairman of the Industries and Commerce Committee the papers connected with the applications together with his report thereon, accompanied by a brief statement of each case where the original papers are lengthy.
